2002 Car Show a HUGE Success!!

A healthy profit + 191 car entries + at least 2 new memberships + more than 40 club members and around 30 club cars = A showdown on the avenue to remember!

As car show committee co-chairman, I must admit the car show went very well, but it was not all fun and games. A lot of energy and hours go into the making of an event of this magnitude. However, each year the club pulls together to make the Havelock show a success.

We received many compliments on how smooth the show went. As well as many people saying how much fun they had and that they can't wait until next year's show. *One of the best compliments that we received was from a member of the Camaro Club. He told one of our members that "he knew that we had a good show each year, but after that day he realized that we have a GREAT show"*.

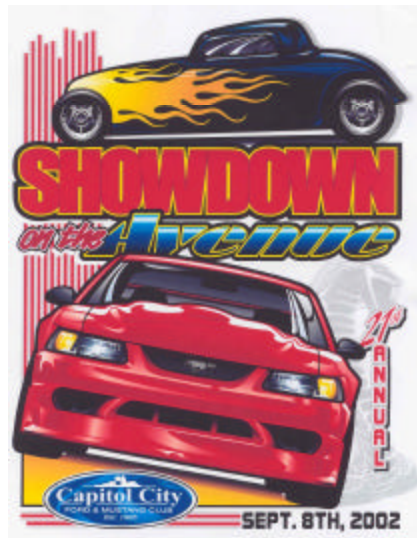

As we all understand (but don't always get the opportunity to express) none of this would have been possible without the financial support that Doug and Elaine Swanson so gra-

ciously provide to our club. A healthy THANK YOU to both of you. I know everyone appreciates what you bring to the club. And no, I'm not just saying this so I can get a good deal on my next Ford.

There were many "helping hands" at the car show. We truly have members to be proud of. It says a lot about a club, when you see so many members offer whatever they can to ensure that the car club can continue the following year. I can only ask that each member keeps this positive and helpful outlook in the future to make ALL of our events this great. THANK YOU for being great members.

Thank you to Rick and Patty Buis for opening their home to all of those car show committee meetings. Also, thanks to Tom and Becky Cast. I don't know of a single judge who would EVER want to judge another class without their map! To the registration ladies, you all are sooooo smooth! I know Mike and I would like to thank Mick

Morgan for his help, knowledge of the club, and previ-

ous car show expertise. Thanks, too, to everyone who helped collect sponsorships, judge the cars, and help throughout the whole day!

Although I have come dangerously close to sounding like an "acceptance speech," the club could NOT have done this without Mike Shutts! Frankly, he worked harder than anyone. A special and personal note of gratitude to everyone for sacrificing all those hours for the good of the club, it's members, and the passion we burst with for Fords and

Special Points of Interest:

- ? **OCTOBER Meeting will be held on October 2 at daVincis at 11th & G Streets.**
- ? *Officer's Nightmare Rally will be held October 26th*
- ? *Per Tom Cast, 3 of the car show signs are missing. Two were at the east end of Havelock right where the barricades were, and the other one was right in front of the registration building. If you have any ideas where they might be please mention it to Tom. Thanks!*

2002

And now a word from the OTHER
Co-Chairman:

THANK YOU to everyone who helped make this year's Capitol City Ford and Mustang Club car show a huge success!!! This year's show was undoubtedly one of the best we've ever put on.

The morning was early, o'darn early for a Sunday, but shining and clear. You could hear the Fords and Mustang descending on Havelock. You gotta love the sound of a healthy V-8 in the morning. Whoever ordered the perfect day, save the form we'll photocopy it and use it for next year.

The morning setup and line up went

better than I could have hoped for. We even had a new Inside Registration Area this year and even with that extra wrinkle, it went smoothly. As the show participants arrived, it was good to see the quality and variety of cars and trucks that attended. We even had a couple wild motorcycles show up.

The club car turn out for the show was fantastic! I was a little worried that we might overflow the Misty's parking lot. I liked the look of our "Pony Corral". The fencing looked authentic and the hay was a nice touch. All that I have heard from others about the show was compliments and praise. That reflects highly upon the quality of the people who worked the show. Thank you all!!

I especially want to thank fellow co-chair Kris Schulz, and club Vice President Mick Morgan, for all their help in organizing this event. They were a great help in calling, collecting, and running around

making sure everything was covered. I also want to thank the car show committee members for all their help in the last eight months, (it's only been that long?) with all the meetings, errands, and long, long discussions on how we're going to do this and that. The time invested in the planning really showed on Sunday.

The car registration inside ran smoothly as always thanks to Car Show Goddesses Karen Stroman, Patti Buis, Kim Barnes, Alyshia Stroman, Tari Rupp, Becky Cast, and Amy Schulz.

Outside Registration and Parking was well under control and no one got run over or shot (Jeff left his cannon at home, maybe next year).

Chic Stroman, Gary Lynne and Bob Walker covered the outside registration. Allan Rezac, Bob Peterson, Jeff Barnes, and Galen

Ford's ROLE in the Fight Against Breast Cancer

- October is Breast Cancer Awareness Month. In our lifetimes most of us will lose a person we care for to breast cancer. So I was thrilled to find an ad recently that discussed Ford's commitment to the fight against breast cancer. Since 1995 Ford has played a valuable role in the fight for the cure. I borrowed the following from their website. Please visit www.fordvehicles.com/fordforce for more information and to help. THANK YOU, FORD.

Committed to the Cause

As part of our ongoing commitment to breast cancer research and public awareness, Ford Division has been a National Series Sponsor of the Susan G. Komen Breast Cancer Foundation Race for the Cure® since 1995. Over the course of our partnership we have dedicated more than \$60 million to the Foundation in sponsorship fees, media support and in-kind gifts. But financial donations comprise only a small part of Ford Division's initiative in the fight against breast cancer.

In more ways than one, Ford is truly committed to the cause. Ford Division encourages the involvement of our employees in the Komen Race for the Cure® and more than 50,000 Ford employees have run or walked in Races across the country as proud torchbearers of Ford's commitment to the cause. Moreover, thousands of Ford dealers across the nation have gotten involved by participating in the Komen Race for the Cure® at their local Race sites. For information on how to sign up for the Komen Race for the Cure® in your area, please call 1-888-603-RACE. Click here to join the fight now by making a donation to the Susan G. Komen Breast Cancer Foundation.

Putting the Brakes on Breast Cancer

This year, Ford and several celebrities have united behind the fight against breast cancer. They're inviting you to wear your heart on

your sleeve, in your hair or even around your neck by tying on a bandanna designed exclusively for Ford by acclaimed accessory designer Kate Spade. Buy a limited edition 2002 breast cancer awareness scarf. Sales proceeds benefit breast cancer charities.

Susan Sarandon always believed the odds were on her side. "I thought because there was no history of breast cancer in my family, I was safe. Talk about a false sense of security." She recently learned that 80 percent of all women diagnosed with breast cancer have no family history of the disease. It was then that the importance of early detection truly came into focus for her. "We are

all at risk, so we must take any preventative measure available. Mammograms and self-exams are critical for ensuring every woman a fighting chance."

Notes from the President:

Hard to believe October is here, it is getting the time of year where you as a member of the Capitol City Ford and Mustang Club need to start thinking about who you want to be the club officers next year, nominations will start at the October meeting and if no nomination are made it is up to the Executive Committee to find officers.

Positions available:
President Rick Buis open-served two year term

Vice President Mick Morgan open-served two year term

Secretary Kim Barnes served only one year - open???

Treasurer Robert Peterson served only two months-open??

As always nominations will go on until the Awards Banquet in Janu-

ary, at such time elections will be held. To be considered a candidate the members must be a "member in good standing" and belong to the club for at least one year. Also in January we will be selecting/renewing positions at the following:

Position: current:
MCA representative Doug Cole
Club Librarian Kris Schulz
Club Photographer
Newsletter Editor Deb Shutts
Web Page Editor Mike Shutts

Also I would like to thank June Rost and Bob Walker for stepping up at the last meeting and volunteering for the Holiday Party and Awards Banquet, if you feel you would like to help them please contact them, because as you already know the more people to put on and event the easier it is to do.

Rick Buis
President

(Continued from page 2)

Milligan were just a couple of the parkers that got everyone lined up.

I want to thank Tom Cast for bringing in the signs, all those garbage cans and making the big map for finding the show cars. I also want to thank Steve Samuelson for helping get the signs in the right places and for putting together the Car Show Bible. The Car Show Bible saved our bacon more than once. You wouldn't believe all the little details it covers. It's looking a little worn and ragged so I'll see what I can do to get it patched back up and updated for next year.

I also saw Marty Rupp doing a great job welcoming people, recruiting new club members and that all important Public Relations role. June Rost sold ALL our T-shirts! When's the last time we did that? The T-shirts were way cool too.

I also wanted to thank Phyllis, Sean and Jarrod McNamee and also Sally Schwinck for all their hard work before and during the show. They are all brand new members and just did whatever was needed to help out.

I missed the fun part of the show due to a tragic knee injury saving a little old lady from a runaway train. ☹️ The knee is doing much, much better now but I was sorry to miss the awards presentations!

I know I missed a bunch of people who worked their butts off but once again... **THANK YOU EVERYONE WHO HELPED WORK ON AND WORK THE DAY OF THE CCFMC ANNUAL CAR SHOW!!!! IT WAS A GREAT SUCCESS!!!**
